**From: Archdiocese of Chicago**  
**Date: April 7, 2020**  
**Re: Building Occupant Notice**  
**St. Clotilde School / Asbestos Abatement Project**

---

This is to inform you that a State licensed environmental contractor, **Celtic Environmental, Inc.**, will perform abatement of approximately 21 Linear Feet of asbestos pipe insulation from four (4) leaking radiator lines in the crawl space of the Church/School Building beginning on April 20, 2020 and ending on April 27, 2020. Areas will be isolated from the remaining parts of the Church until final air quality standards are achieved. The Illinois Department of Public Health, from Federal Regulations has adopted these standards.

During the removal process, air-scrubbing machines will be running 24 hours, and an independent, State licensed, environmental consultant will be in the work area managing the process and taking daily air quality samples.

At the completion of the work an Asbestos Project Managers' report will be prepared and submitted to the Church, the Archdiocese of Chicago, and the Illinois Department of Public Health. This is a permanent record of the work activity and all sampling data.

All the removal, management and documentation work will be performed in accordance with Illinois Department of Public Health's Rules and Regulations

Real Estate Department – Brian Coleman

**This is a tenant occupied school.**

**It is the owner's responsibility to advise the Head of School about this asbestos abatement work in this School and its dates.**

**The Owner must also ensure that the Head of School understands that he/she is required by Federal Asbestos Law to notify all parents, students, faculty and staff of this asbestos abatement work in this School and its dates.**

**This Building Occupant Notice can be used by the Head of School for that notification.**
